Front-End Developer

About Irena

I have successfully transferred my passion for foreign languages to programming languages. The amazing feeling of creating something with code out of nothing triggered me to switch into building a career as a programmer.

Skills: Front-End: JavaScript, HTML5, CSS, SASS, React

Back-End: NodeJS, MongoDB, Express

Interests: Docker, Kubernetes, Ruby,

Work experience

August 2018 - Present Front-End Developer -

Freelance

Development of multiple projects using JavaScript/React, Prisma, NodeJS

- Building a React E-Commerce application
- Building a Landing Page for a small business
- Building a Trivia Like Quiz Game with React

Technologies and tools :

Front-End: JavaScript, HTML, CSS, React.JS for building the interface along with Next.JS for server side rendering, routing and tooling, Apollo Client for data management

Back-End: GraphQL Yoga, Prisma
